

**Greetings and welcome to the First Presbyterian Church of Plymouth, Michigan!**

**If you are looking for a quiet little church where nothing happens except on Sunday morning, you've come to the WRONG PLACE! We are an extremely active and outward looking Family of Faith. There are things going on here every day of the week and on most evenings as well.**

**Because so much is happening here, the once-a-month newsletter was no longer useful, so it has been discontinued. All the things that were in the monthly newsletter are now published weekly in the bulletin which is distributed at the Worship services each Sunday and posted here on the website on the Friday before.**

**So, click on the link below to see this week's bulletin:**
